

INFINITY SHIELD™

Infinite uses. Limitless projects.

WHY INFINITY?

Infinity Shield™ is offered in standard rolls of 4' x 125' Double Bubble White/Foil. We also conveniently manufacture a no seam 6' x 125' and 8' x 125' roll version of all the available SKUs. Infinity Shield™ is not only extremely cost efficient, but it is also incredibly hassle-free. Additionally, our standard crushed edge tab [2-inch] will result in simplified overlapping. With Infinity Shield™, you won't need to worry about the foil compressing, collapsing or disintegrating, and our ultra-white bubble - a result of additives throughout all layers of our bubble - will provide an impressive opaque finish. Plus, with MWI, you have the ability to place blanket orders, so you can get your foil with shorter lead times!

NOTEWORTHY BENEFITS:

 **ENERGY EFFICIENT:** Reflects radiant heat reducing heat gain and loss; Reduces heightened fluctuations in attic temperatures; Maximizes comfort

 **COST REDUCING:** Reduces energy costs year-round; Truckload pricing available

 **SHORT LEAD TIMES:** Get your foil fast with accelerated lead times

 **LABOR/TIME SAVING:** Lightweight and easy to handle; Fast and easy installation; No seams on 6' and 8' rolls to maximize coverage; Standard 2-inch crushed edge tab; Adhesive option available

 **DURABLE:** Puncture and tear resistant

 **MADE IN THE U.S.A.:** MWI is proud to produce Infinity Shield™ in the U.S. in Spencer, Iowa
